

The JEANETTE WORMALD TRIO

With five albums to her credit, Jeanette Wormald has won national and international radio airplay and critical acclaim for her voice and her original songs inspired by the Australian landscape.

"It was Jeanette's voice that first turned my head. Her resonating truly Australian flavour encapsulates the Australian Bush and helps to tell stories showing a deep understanding and experience rare to storytellers."

Not confined or restricted to a particular style, Jeanette's obvious love of the Australian Outback from the red deserts to the lush rainforests, from the opalescent seas of the north to the rugged, scoured coastlands of the turbulent southern oceans come alive in passionate songs."

MICK HODGKINS Tablelands Folk Festival

Wormald is a story-teller. Her original songs, powerful stage presence and skilled musicians combine to take listeners on a musical journey through shades of folk, roots, jazz and blues into Australia's heartland. Joined by renowned Tablelands musicians' Dave Hart on upright double bass and Paul Vandersar on lead guitar and harmony vocals, the trio delivers a quality performance.

"Evocative lyrics and a beautiful melodic voice so clear you can hear every word..." FIONA SEWELL, ABC FAR NORTH

"Jeanette Wormald ...delivered a mature, forthright, intriguing and intimate selection..." MATT BYRNE, SUNDAY MAIL (Adelaide Cabaret Festival)

"Jazz, lush pop, three-part harmonies ... Jeanette was sultry, sexy and in fine form with both her voice and guitar. All up, a damn fine performance!" RIP IT UP (Adelaide Fringe Festival)
