

# Wind and Wood

## Bio

Wind and Wood, *aka* Morag and Trevor Gane, are a flute, vocal and guitar duo performing original songs and covers of our favourite songs. From haunting folk/rock tunes to feet stomping sea shanties we try to bring something for everyone to enjoy.

Trevor is a self- taught guitar player who has performed solo and with a number of bands over his forty something years of playing. Morag is a classical trained flautist using improvisation techniques. Morag has previously played in an orchestra, supported solo performers and played in a folk/rock band.

We have always dreamed of having the opportunity to play together on a regular basis. I guess we are now living the dream!

Currently playing pubs, clubs and cafes and looking to record our first CD. Also available for events.
