## ABOUT BIG PUPS

Pere Paul aka: Big Pups is an acoustic singer/song-writer who plays original grinding country-blues music. His cover songs are recreated to suit his smooth husky tones and include songs by Radiohead, Abba, Johnny Cash, Brooks & Dunn, Garth Brooks, Prince, and more...

Born in New Zealand's icy depths, raised in Papua New Guinea's highlands, and forged in country town Charters Towers, Big Pups music is a culmination of his adventurous life.

Kicking off a music career late in life, Big Pups taught himself guitar and gave singing a crack in his early 40's. Armed with 2 songs and 3 chords, he ventured into the music industry - he has not looked back...

Big Pups travels to music festivals, country outback pubs, and select venues across Australia, with plans to tour to Torres Strait Islands, Papua New Guinea, and New Zealand in the near future.

Based in Queensland, Big Pups can be found playing regularly in various venues throughout Cairns and Tropical North QLD.
